

PhD in Biological Oceanography Timeline/Checksheet

Be sure to consult the dept guidelines for your discipline

Coursework

18 credits of formal coursework after meeting MS requirements

Bio students must include all of the following not taken during MS – OCB5305, OCB5565, OCB5566, OCB5636, OCB5639

Committee *

Choose supervisory committee by the end of 4th academic semester

_____, _____, _____,
_____, _____

End of year 1 – Meet credit hour requirement for Residence for Doctoral degree (see University Graduate Bulletin. This is not the same as residency for tuition purposes.).

Annual Committee Meetings required (*form)

_____ Year 1	_____ Year 4
Date	Date
_____ Year 2	_____ Year 5
Date	Date
_____ Year 3	_____ Year 6
Date	Date

Preliminary Exam * (OCE8964)

between the 3rd and 5th semesters. (Must graduate within 5 years of passing exam).

Date of Exam _____

Prospectus *

Submit to committee by the end of the semester following the Preliminary Exam. A copy with committee approval signatures to Academic Coordinator by the end of the 2nd semester following the exam. Form to Graduate Studies.

Date submitted _____ Date approved _____

Dissertation credits (OCE6980)

Register in semesters when writing after passing prelim exam. A minimum of 24 credits are required to graduate.

Final semester *

Register for Dissertation Defense (OCE8985) and at least 2 credits of dissertation. Two to four weeks before defense give copies to committee members and to Academic Coordinator. Post announcements in dept.

>>See Blackboard /Organizations/GradSpace/Theses,Treatises, Dissertations

* Ask Academic Coordinator for forms

PhD in Chemical Oceanography Timeline/Checksheet

Be sure to consult the dept guidelines for your discipline

Coursework

18 credits of formal coursework after meeting MS requirements

_____	_____
_____	_____
_____	_____

Chem students must include at least 1 additional course from the MS required course list.

Committee *

Choose supervisory committee by the end of 4th academic semester
